Address: House no#93,Road no#93,Block#F,Bashundhara R/A

---

**Objective:** To obtain a position as a Software Quality Assurance Engineer where I can utilize my sound knowledge and skills on software testing, requirement analysis ,SDLC models like water fall model , agile method and new techniques , as well as help my team to ensure better quality.

## Projects Accomplished:

- **AIUB Bank atm System: (Test Plan)** We have made a test plan for AIUB Bank atm System . The goal was to make a proper test plan after analyzing, designing the strategies, defining the criteria and managing proper resources.
- **Dhaka Subway system automated ticket issuing system:** (Software Development Project Management Plan) its a SDPM plan created for the system that mentioned in the title. The process model used for this model is Waterfall model. Its a proper SDPM plan where we analyzed effort estimation, matrices, Risks and also developed COCOMO II model for development activities.
- **AIUB Website:** (Test Cases) Wrote test cases for aiub.edu . Analysis the expected results and actual results.
- **Plot Buying System:** .NET (framework version-4.5, database-sql server 2012 , view enginerazor,5 layered project) Its an online plot buying system. User can post an ad for selling his property with expected price. While other user can see the ad and request for the further discussions . My contribution was in making the classes , interfaces ,controllers and repositories.

## Technical Skills:

- Programming Languages: C#
- Framework: .NET
- Database: SQL Server, MySql , XAMPP

## Education:

- B.Sc. in Software Engineering , American International University-Bangladesh (AIUB)(CGPA: 3.01)
- H.S.C. (Science), Comilla Government College,Comilla,2014
- S.S.C. (Science), Comilla ZillaSchool,Comilla,2012
